Did you learn of an incident where Mrs. Smith had not left the school building as part of the fire drill? A. Yes. Q. Okay. And what did you learn? A. I was contacted by Tanya Corben or school resource officer that said she had not left. Q. Okay. Is that acceptable for a teacher to not leave the building during the fire drill? A. No. Q. Was that then discussed with Mrs. Smith? A. Yes.	1 2 3 4 5 6 7 8 9 10 11 12 13 14 15 16 17 18 19 20 1	A. Yes. Q. Okay. I'd like to turn your attention to June of 2009. As I understand it, in the 08/09 school year, and there's been plenty testimony on this issue, regarding her assignment being a half time Briar Middle School, half time Perkins High School. Is that your understanding, as well? A. Yes. Q. Okay. Why was that her assignment for the 08/09 school year? A. Okay. Let me pause for a second, just so I make sure I get these right, since we went from 07/08. And now you're talking 08/09? Q. Correct, from August of 08 through A. And last year 09/10. Okay. So we're talking the previous year?
21 22 23 24 25	I received a letter from the fire department. And it noted that we had that that was an issue for us. I then talked to Mrs. Smith. She was having difficulty getting up and	21 22 23 24 25	Q. Yes. A. That's the year when she was at Briar for a half time. We had low enrollment in the business classes, not enough students to

And I did so. Q. Okay. With Mrs. Smith not leaving the room, what did her students do? Did her students stay with her or did they leave? A. There was an attendance sheet given to another teacher that was handed in for that particular drill. Q. Okay. A. That's one of the reasons—that's one of the ways I learned of it,	1 2 3 4 5 6 7 8 9 10 11 12 13 14 15	occupy full time for her classes. Therefore, she was going to have to be issued another assignment. Q. Okay. And then so what was that other assignment? A. The other assignment would be that she would be teaching social studies, because that was her other certification. Looking for certifications, those were the areas that we had to choose from. Q. Okay. Was that for the 08/09 school year she was teaching social studies or for the 08/09 school year was she half time at the middle
16 17 18 19 20 21 22 23 24 25	as well. Q. Okay. So she had not supervised her students A. Correct. Q as part of that evacuation? A. Yes. Q. All right. And then in your discussion with her, I take it you talked about that supervision issue?	16 17 18 19 20 21 22 23 24 25	school? A. Wait a minute. Okay. That's what I was yeah. Okay. There was contemplation about her teaching social studies Q. Okay. A for the 08/09 school year. Q. But ultimately she did not? A. But she did not.

Yeah, which leads to my mention in the first paragraph. We had another social studies teacher scheduled for full time, but because she had less seniority than Mrs. Smith, that's why I mentioned that in the first paragraph. Q. Okay. So Ms. Mazza, she had been teaching social studies full-time? A. Yes. Q. And had less seniority than Mrs. Smith? A. Yes. Q. Q. Okay. To your knowledge did she do what you had asked her to do? A. She did go down and observe the teachers. Q. Okay. Did you receive any reports from either Mr. McVeigh or Mr A. Obergefell. Q. Yes.	1 2 3 4 5 6 7 8 9 10 11 12 13 14 15 16 17 18 19 20 12 22 22 22 22 22 22 22 22 22 22 22 22	we were questioning the students my office. Q. These were the notes you were just referring to? A. Yes, sir. Q. Okay. Explain these notes, please, to me. A. My methodology there was the question marks on the left-hand column would be things that I would be asking students or that we asked every student, who said what, who did you speak to, what type of work were you getting in class, describe the incident down halfway down the page, et cetera. And then I also started, while the students were talking to us, I started to make some marks, like you do 1, 2, 3, 4, slash 5 in terms of the number of times that is me in terms of the number of times that students were repeating things,		
23	Q. Had you and Mr. Gunner	23	different students were repeating

As the students were being questioned that day, did either you or Mr. Gunner take notes? A. I did. Because we determined that as we were going through this well, I think Mr. Gunner took notes, too. I took several notes just	1 2 3 4 5 6 7 8 9	there's some places where there's question marks and there's some lines where there's not, such as yellow journalism, porn conversation at the end of class. What were those two remarks in particular, yellow journalism and porn conversation at the end of the class, what are those referring to? A. Comments that students had made.		
11 12 13 14 15 16 17 18 19 20 21 22 23 24	on a sheet of paper, because he had determined that he didn't think he was going to be able to stay through questioning of all the students. And so I wanted to have a general guideline of what the questioning was that he was doing and that we were doing together. And I did take a few notes, too, in terms of similarities to what the students were saying. Q. Can you turn to Exhibit 54, please. Can you identify Exhibit 54? A. That is my handwriting. Q. And A. From the 29th of March when	11 12 13 14 15 16 17 18 19 20 21 22 23 24	Q. Okay. A. And I stopped keeping those comments were made by a number of students. I stopped keeping the little slash marks early on. Q. Okay. So you said that these were your notes from that day, and this would be March 29? A. Yes. Q. The superintendent you said was also taking notes? A. I believe so. Q. And how was he doing that? A. I believe on computer. I'm
